

# FOOD SAFETY ASSURED

This is to certify that

*Scholle Industries*

undertakes regular microbiological testing, including environmental swabbing of food preparation surfaces and equipment, sample testing of product and shelf life testing, where appropriate. AMS' Food Safety Adviser has verified the testing regime as sufficient to provide reasonable confidence in the safety of food which would satisfy HACCP verification.

Certificate Date: 22 August 2009

Certificate No: 16943/9

Date of Expiry: 22 August 2010

A handwritten signature in black ink, appearing to read 'J. McCreary', written over a horizontal line.

Senior Microbiologist, AMS

A handwritten signature in black ink, appearing to read 'J. L. Bates', written over a horizontal line.

Managing Director, JLB

*AMS is a division of John L Bates & Associates (JLB), Australia's leading management system consultancy in food safety and a member of the Bates Group of Companies. AMS is NATA accredited for food and water testing.*
